If an application, the application named "Find Me", including its embedded software (collectively, the "Application") is owned by mobile application developer. Mobile application developer also owns, or licenses from third party providers, information, traffic data, text, images, graphics, photographs, audio, video, images and other applications and data that may be embedded in the Application or downloaded separately ("Other Content"). If you are obtaining the Application from a third party application vendor (the "Application Vendor"), you acknowledge that mobile application developer, and not the Application Vendor, is responsible for the Application. Mobile application developer licensors, including the licensors, service providers, channel partners, suppliers are each a direct and intended third party beneficiary of this Agreement and may enforce their rights directly against you in the event of your breach of this Agreement.
